

Hugo Pinto is Economist and holds a Master in Regional Economics (University of Algarve). He is finishing his PhD thesis about institutional dimensions in knowledge transfer in European Union at the Centre for Social Studies in the University of Coimbra. Hugo has a large experience in project and research management in several organizations in Portugal, such as Business Innovation Centre Algarve, University of Algarve or Centre of Marine Sciences. His main research interests are innovation, regional development and university-industry relations. Hugo applies both qualitative and quantitative approaches in its research and lectures Econometrics at the Faculty of Economics in the University of Algarve. He is member of the KIMERAA Atlantic Area research team.
